*We, the Seniors
of
Bethel High School
Dedicate our Annual*

*The Key
to our Mothers*

Many things you've had to be
To help us on the way.
Your patience, love, and loyalty
Have brought us here today.

Sometimes a seamstress, quick to sew
A costume for a queen;
And then a chauffeur, as we rode
To some historic scene.

And then at times you've been a cook
Some project to finance—
Even, yes, this very book,
Perhaps a trip, or dance.

Remembering these things you've been
(And not forgetting others)
We fondly dedicate this book
To you, our mothers.

Class History

The kiss of our parents was still fresh upon our cheeks when we extended our hand to meet our teacher, Mrs. Adams, in the first grade. Bewildered, we sat that first day, not knowing then what lay before us. As the weeks passed, tears were dried, noses were wiped, and we, through Mrs. Adams' guidance, could print our names, and read our first books.

Miss Burton carried us on through the second grade increasing our ability to read and write, and adding many new activities to our daily routine.

My but we were big when we entered our third year of school. Mrs. Renshaw was our teacher—the fourth grade only added many new problems as Mrs. Thomas opened the door and said "enter" on that bright September morning in 1951. We were old enough now to realize that only with real accomplishment and hard work could we meet the requirements necessary to stay together as a class and advance step by step.

Fifth, sixth, and seventh; my how the time was going by. That long sought goal—high school, would soon be reached. But before that many pleasures as well as that always present worry, study, study, study. Our class activities guided by Miss Warren, Mrs. Jackson and Mr. Berry will long be remembered. Trips, like the one to Cherry Point, during our seventh year at school, come only once in a lifetime and we enjoyed every minute of it and look back now on that time and say "happy days."

We shall always remember the eventful day when we entered the eighth grade. At first we were uneasy—our environment seemed new and strange to us. With the inspiration of Mrs. Highsmith and Mrs. Latham we became familiar with our surroundings. Mrs. Latham took us on a very educational trip to Williamsburg that year.

As eighth grade graduation came nigh we became aware of the responsibility which would be ours in the next four years.

September had finally arrived and all our dreams which we had pondered over for the past eight years were finally coming into reality.

Our teachers, Mrs. Latham, Mr. Nicholson, Mrs. Mayo and Mrs. Weeks, were faithful as always and made the change of stepping upon another stone to reach our goal an easy one.

We have vivid memories of our Sophomore and Junior years. The pranks and laughter of those years will always be outstanding in our memories.

In our Junior year, with the coming of a new spring also came our first Junior-Senior. After much consideration, we finally decided upon Mardi Gras as our theme. It was a wonderful evening, enjoyed by all.

Our year drew to a close and we said our 'goodbys 'till another September, knowing we could spend one more year under the fine leadership of Mrs. Carson, Mrs. Watson, Mrs. Latham, Mr. Thompson, and Mr. Latham.

We started off seventeen strong in our Senior year regardless of the fact that we had lost many along the way. We had our same faithful faculty with the exceptions of Mr. Thompson in business and Mr. Nicholson in science who were replaced by Mrs. McDonald and Mr. Coughlin.

Graduation approaches; at last the long awaited day arrives. Basketball games, Junior-Senior, Homecoming, Class Night and Commencement—all soon to be but memories. With mingled emotions we await that moment toward which we have been working these past years. The joy that comes with accomplishment is dimmed by the sadness that comes with leaving Bethel High.

As Edward Pollack once said, "There's something in the parting hour that will chill the warmest heart." The recollections of these past twelve years will forever be remembered and cherished. And now as Seniors we can work our way into our new environment as life's long journey approaches.

Class Prophecy

I had been working as a special investigator for the F. B. I. for nine years and now I was taking my annual month's vacation. I decided that as an extra treat this year, I would visit my old classmates.

It had been four or maybe five years since I had seen KAY ROGERSON. Wondering if she still was private secretary for the Secretary of State, I went around to see her. She was still working there. Kay told me that LAUREL THIGPEN was doing very well as both a lawyer and a mother to two children, a boy and a girl. She also told me that both JOSEPHINE BUTLER and ELIZABETH BUTLER were doing very well as secretaries to very important people.

It was time for Kay's vacation so we went to Los Angeles, California, to visit OLIVIA WHITEHURST who was doing very well for herself as a mother and a business woman.

We found out from Olivia that both SHELBY JEAN ANDERS and KENNETH GRAY were also in California. Shelby Jean was a second grade teacher in a large elementary school. Kenneth was a lieutenant in the Air Force.

We went to the air base to see Kenneth and he told us that both JUDI CULLIFER and PATRICIA CARSON were elementary school teachers in Washington, D. C.

It surprised us because we had thought that they were in Kansas City.

Kay had only two weeks vacation so she had to go back to work. I went to the airport to see her off. A flight from Florida came in and guess who the first one that came off the plane was? You are right; it was DOUGLAS CHESSON. We managed to get to him and talk to him before Kay's plane left. He told us that he owned a big sugar plantation in Cuba. Douglas told us that JIMMY HARDY and JACK WHICHARD were both doing very well in their professions. Jimmy was a big restaurant owner who raised his own cattle for use in the restaurant. Jack was a very well-to-do farmer in Pitt County.

Kay had to leave to catch her plane, so we sent her off.

Douglas and I went to see Shelby Jean. She told us that the last letter she had gotten from BETTY COOPER said that she was working as a laboratory technician in a big hospital in Philadelphia.

The next day I left California for Philadelphia to visit Betty. Betty was living in a beautiful little home in the suburbs of Philadelphia.

She told me that ANN MOZINGO was working in Raleigh, North Carolina, as a kindergarten teacher.

I went to Raleigh to see Ann. Not only was she a working woman, but she was also the mother of two handsome little boys and one pretty little girl.

Suddenly I decided to go back to dear old Bethel to see how much it had grown. It had grown a good deal since I had last seen it.

I visited LINDA PURVIS in her beautiful little home and met her two children, a boy and a girl. While there I visited FRANKLIN WHITEHURST, who was doing very well as an automobile salesman.

My vacation ended, so I had to go back to Washington to my job.

Poem

From these sacred halls we now depart
But because of love so dear
We sing a song of sadness
As our parting comes near.

We will not forget the memories
Of the years we spent with thee;
Though we can remain no longer
Our thoughts stay eternally.

And now the halls will be hushed;
But our hearts will ever grieve
For the familiar sights and sounds
That now we sadly leave.

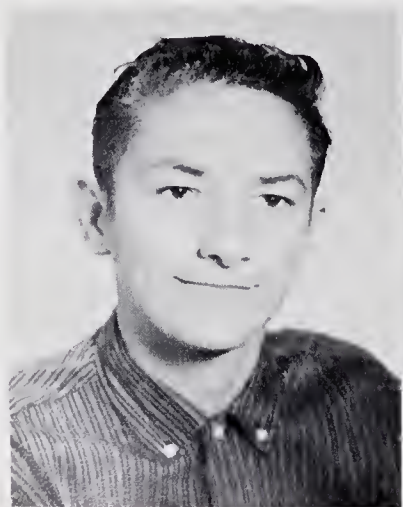

To the sacred halls of Bethel High
Where we lived and learned so well,
With hearts of love and sorrow
Every voice bids F-A-R-E-W-E-L-L.

Harry,
I have enjoyed going to school with you for the past six and a half years. Remember our secret and don't tell anyone. Its been good seeing your cheery smile every morning to brighten the day for me. I want to wish you all the luck and success in the future years.
My best wishes to a mighty fine boy.
A good friend,
Mary C.

Harry,
Violets are blue,
and roses are red,
sometimes I wish
you were ~~dead~~ dead.
I have enjoyed part-
ing and looking forward
to next yr.

Harry,
I have enjoyed going
to school with you
these six years, and
hope to be with you
the rest of.

Yours truly,
Joe W. W. W.

Harry, really have to
enjoyed going to
school with you in
past years. I am looking
forward to the next yr. Best
of luck to the world's
greatest atomic scientist!

A friend always,
Landra
